RICHARD WAYNE.

For SALE privately,

The following property of Benjamin Guerard, *which he is deſirous of ſelling, to have his intereſt in one place, viz.*

A VERY valuable tract of 1000 acres of land, ſituate in Prince William's pariſh, between Combahee and Port Royal Ferries, having on it a ſufficiency of choice high land for two profitable indico plantations, between which 250 barrels of rice may be made in a year, as ground to yield that quantity of barrels can be flowed with water, no part was ever planted, but 60 or 80 acres of it are cleared to begin one plantation, FRESH and NEW, therefore the BETTER and CHEAPER: It is eſteemed as fine a tract for its ſize as moſt in the province, the upland being high, ſo that land floods can never hurt the crops of corn and indico thereon planted. The purchaſer, from the red oak trees that muſt unavoidably come down, in order to his making his fields, may ſtrip a vaſt number of cords of bark: So compact a tract as this, and of the like diſtance from Charles-Town, is very rarely to be found for ſale; which would require no recommendation, if a view by every one in want of ſuch could be taken of it, and which, conſidering the high price of good lands, will be ſold cheap. It pays no quit-rent, being part of the rich lands included in Thomas Lowndes's grant, and as 'tis too late in the ſeaſon to prepare for planting for the enſuing crop, the purchaſer's bond ſhall not carry intereſt till ſix months from the date are elapſed.

A delightful retreat eight miles by land or water from town, known to be as well ſituated for pleaſantneſs and agreeableneſs of proſpect as moſt ſeats in the province, on which, open to ſeveral parts of that beautiful river, Aſhley river, ſtands an elegant houſe, with handſome commodious offices; with which will be ſold the large quantity of very genteel furniture now in ſaid houſe.——A very eaſy and deſirable diſtance for a carriage and four or ſix horſes, as a gentleman may come to his buſineſs in town in the morning, and return to his family in the evening.—The inconvenience of not having ſuch a place for a family is at all times great, and much more ſo, when contagious diſorders rage in the metropolis; or thoſe few months in the year arrive, ſo deſtructive to infants kept in town.——It contains 300 acres of land, and is allowed to have the beſt paſtures in its neighbourhood, (having kept all the cattle thereabouts in good condition for ſeveral years paſt) of which, two are now incloſed with a ſtrong new fence, as is alſo a meadow for making hay, has great plenty of fencing and fire-wood trees, and by a gentleman having a turn that way, may be made a place of ſome profit as well as pleaſure, as good crops of corn have been made on it, and one year when planted with that grain, 60 barrels of rice; but what can be more profitable to grow on it than the graſs it luxuriantly bears, as hay (made with a very few hands) is an article of ſo great demand in town, and never ſells for leſs than ten pounds per thouſand weight, although often near one-third brambles.—It may be viewed at any time.

His two houſes in town, the one on the corner of the Bay, near the Exchange, and the other adjoining in Broad-Street, which (and that very low) rent for £.960 per ann. and are ſo advantageouſly ſituated for trade, as will never be untenanted; beſides which advantage, it is well known theſe houſes were not built as thoſe which are intended to be let, no coſt nor pains being ſpared in getting the materials the beſt of their kind, which were put together in the moſt faithful and neat manner; the wood materials are of the beſt of yellow pine and black cypreſs, and the mortar made of freſh water river gravel, ſo ſtrong a cement as that none of the tiles in the great hurricane in 1752, were blown off, whilſt the roofs of moſt of the houſes tiled or ſlated, were entirely uncovered thereby.——It has often been deſired that the corner houſe ſhould be made a coffee-houſe; £.1050 a year rent will be inſured, but there is no doubt that £.1100 can be got for them, as the rents were never increaſed ſince the building of the Exchange, as ſhould be.—The terms to the purchaſers ſhall be made as convenient as they can deſire. Pleaſe to apply to

JACOB VALK.

SOUTH-CAROLINA.

COUNCIL-CHAMBER, February 17th, 1773.

WHEREAS there was this Day read at the Board, a Memorial of Matthew Lindlay, Benjamin Davidson, *and sundry other Persons, setting forth, that they were Settlers, under Grants and Conveyances from the Governor of North-Carolina, on sundry Tracts of Land, which now appear, from the Continuation of the Boundary-Line, to be within the Limits of this Province, and humbly praying to be informed what Methods they were to pursue to secure their Titles from this Government, as they were under great Apprehensions of losing their Lands, by their being run on Warrants from this Province; and they had been variously directed by several different Persons to whom they had applied for Information: His Excellency the Governor, by the Advice of the Board, directed that the following Minute of this Board, of the Twenty-first Day of September last, should be printed in the Form of an Advertisment, and that several Copies thereof should be sent to be distributed among the Inhabitants of the Country on this Side of the continued Boundary Line between this Province and North-Carolina, viz.*

MINUTE of COUNCIL of 21st September, 1772.

"THE Clerk informed his Excellency and the Board, that some of the Persons who were settled on the Lands on this Side of the Boundary-Line between this Province and North Carolina, under Grants from North-Carolina, and Conveyances from original Grantees, who were desirous to secure their Lands, by complying with such Forms as this Government should think necessary to direct, had applied to him to be put into a proper Mode for obtaining new Grants, and he begged the Direction of his Excellency and the Board on that Head: It was thereupon observed, that it would be reasonable to ease such People as were settled under Actual and *Bona Fide* Grants and Conveyances, of as much Trouble and Expence as possible, and at the same Time, it would be necessary to use due Precautions to prevent Grants being obtained under false Pretences; and therefore it would be proper that their Titles should be referred to some fit Person to examine the same, who, if they were found to be complete, might certify the same, and then, on Petition, their Plats might be ordered to be recorded and certified by the Surveyor-General, and Grants prepared by the Secretary, which would save the Expence of a second actual Survey; and this method being approved of, IT WAS ORDERED by his Excellency, with the Advice of the Board, *That the Clerk of this Board do examine all Grants or Conveyances that shall be brought to him for that Purpose; and that he do certify what Titles he shall find, upon such Examination, to be clear, in order that new Grants may be prepared for the same to the Persons respectively claiming to hold them by such Titles.*"
